5. Tech Talk #5 - Dam Removal Alternatives

July 20th is the night of the next Tech Talk – Dam Removal Alternatives. Prior to the last Tech Talk, the Committee met in small groups to discuss the key questions to be addressed during Tech Talk # 4. The initial thoughts about the event would build on the four scenarios discussed at the last Tech Talk:

- Scenario 1 – Keep both facilities
- Scenario 2 – Remove both facilities
- Scenario 3(a): Remove one facility and relicense
- Scenario 3(b): Remove one facility and surrender

After a brief discussion around presentation format, the committee will break into several small groups to generate questions that could/should be addressed as part of the presentation. Each group will report back to the full committee. Potential presenters will also be discussed.
