

# WHAT PROJECTS ARE HIGHEST PRIORITY FOR YOU?

See the board to the left for more detailed information on the planning concepts

Place up to (3) dots next to implementation projects that you feel are most important for **PARKS + RECREATION** along the Kinni Corridor

Place up to (3) dots next to implementation projects that you feel are most important for **NATURAL RESOURCES + RIVER ECOLOGY** along the Kinni Corridor

See the board to the right for more detailed information on the planning concepts

## PARKS + RECREATION IMPLEMENTATION PROJECTS

## NATURAL RESOURCES + RIVER ECOLOGY IMPLEMENTATION PROJECTS

**PARKS AND RECREATION OPPORTUNITIES WITHIN THE RIVER CORRIDOR**

Update the City's Parks and Recreation Master Plan

**LAKE GEORGE IMPOUNDMENT AREA**

Plan/design and seek funding sources for Lake George impoundment area as a future city park:

Plazas at Riverwalk, Heritage Park, and Main Street/Cascade Ave

Pedestrian bridge over rail bridge pilings

Picnic facilities

Multi-purpose building/picnic shelter/restrooms

Outdoor amphitheater

Nature play area

Trails and boardwalks

Stormwater facilities/wetlands

Interpretation

River access - paddling and fishing

Canoe/kayak storage

**LAKE LOUISE IMPOUNDMENT AREA**

Plan/design and seek funding sources for Lake Louise impoundment area as a future city park:

Nature Center

Trout Fishing/Learning Center

Restored wetlands/ponds

Trails and boardwalks

Interpretation

Birding facilities

River access - paddling and fishing

Canoe/kayak storage

**RIVER RESTORATION**

Initiate a river restoration plan that provides strategies for restoring the Kinni after dam removal

Design/engineer and seek funding for phased river restoration

Implement phased river restoration in accordance with the River Corridor Plan

**CONSERVATION EASEMENTS / NATURAL BUFFERS**

Work with land trust to study the feasibility of acquiring additional public/private conservation easements

Seek funding sources for future public conservation easements

**NATURE CENTER**

Plan/design and seek funding sources for future Nature Center (after removal of Powell Dam)

**TROUT FISHING / LEARNING CENTER**

Plan/design and seek funding sources for future Trout Fishing/Learning Center

**GREEN INFRASTRUCTURE**

Study the feasibility of providing green infrastructure in and near the downtown

Provide incentive programs and/or require green infrastructure in parking lots near the river in the downtown

Design/engineer and seek funding sources to implement green infrastructure in and near the downtown

**COMMUNITY GARDEN**

Plan/design and seek funding sources to build a community garden in proposed conservation easement

Education programs regarding fertilizer uses and lawn chemicals

Work with the one we have - GTS

Fishing Access?

Paddling Access?

# WHAT PROJECTS ARE HIGHEST PRIORITY FOR YOU?

See the board to the left for more detailed information on the planning concepts

Place up to (3) dots next to implementation projects that you feel are most important for **ACCESS + CONNECTIVITY** along the Kinni Corridor

Place up to (3) dots next to implementation projects that you feel are most important for **ECONOMIC DEVELOPMENT + LAND USE** along the Kinni Corridor

See the board to the right for more detailed information on the planning concepts

## ACCESS + CONNECTIVITY IMPLEMENTATION PROJECTS

## ECONOMIC DEVELOPMENT + LAND USE IMPLEMENTATION PROJECTS

RIVER ACCESS	
Plan/design and implement new river access locations - paddling and fishing	●●●●
Enhance existing paddling and fishing access locations	●●●●●●
Provide educational signage addressing potential paddling and fishing conflicts	●
Consider access/use regulations in order to reduce potential paddling/fishing conflicts	●●●●●●●●●●
PEDESTRIAN AND BIKE CONNECTIONS	
Update the City's Pedestrian and Bicycle Master Plan	●●
Connect sidewalk/bike/trail gaps between the river, parks, neighborhoods, and downtown	●●●●
Provide improved on-street bicycle facilities along key routes	●●●●●●
Provide additional loop trails along the river corridor	●●●●
Provide additional off-road ped/bike trails	●●●
Provide additional bikeshare at key locations within the corridor	●●
Provide enhanced pedestrian crossings at key intersections in and near the downtown	●●
BRIDGES	
Study the feasibility of additional bridge crossings:	●
From Heritage Park across river over old rail bridge pilings	
River crossing at Powell Dam (post-dam removal)	
River crossings between Highway 35 and Division Street	
River crossings north of Highway 35 near Quarry Road	
River crossing north of Highway 35 near Swinging Gate	●
TRAILHEADS	
Provide new trailheads at key locations throughout the corridor	●
SIGNAGE AND WAYFINDING	
Implement wayfinding to river access and trail locations, community facilities and downtown destinations	●
Initiate Kinni Corridor Interpretive Master Plan	●●

MAIN STREET / DOWNTOWN REVITALIZATION	
Update City's Downtown Master Plan and Design Guidelines	●●●●
Implement downtown alley upgrades	●●
Plan/design and seek funding sources for streetscape improvements	●●
Conduct a downtown parking study	●●
Establish a downtown parking management plan	●●
Study feasibility of building a public parking ramp	●●
Expand downtown event programming (4-season)	●●
Promote, strengthen and expand storefront improvement programs	●●
Pursue historic designation of eligible properties to enable use of tax credits for building improvements	●●
Initiate a downtown marketing and branding campaign	●
RIVERWALK	
Plan/design and seek funding sources for enhanced Riverwalk	●●●●●●
Investigate opportunity to acquire Lazy River property	●●
Incentivize opportunities for businesses to orient to the Riverwalk	●●●●
Explore future redevelopment opportunities along Riverwalk	●●
ELM STREET	
Plan/design and seek funding sources to redesign Elm Street as a downtown event street	●●
Relocate Farmer's Market to Elm Street	●●
Incorporate new plaza/splash pad through redevelopment opportunities	●●
POWER PLANT	
Study feasibility of repurposing power plant	●●●●●●
Provide connections and overlooks from power plant to riverfront	●
Transform city owned property (across Winter Ave) to parking lot to serve repurposed power plant	●
FUTURE LAND USE PLANNING	
Update Comprehensive Plan	●●●●
Review and potentially update Shoreland Ordinance	●●
Study feasibility of potential redevelopment opportunities along Main Street and near UWRF campus	●●
Identify potential sites for future energy generation	●●
Identify potential sites for compost relocation	●●
